

PRESS RELEASE

Interchange opens new foreign exchange offices in Most and Kosmonosy (near Mladá Boleslav).

Prague, 14th August, 2017: The International Interchange Group ('Interchange'), one of the leading foreign exchange providers in the world, and in the Czech Republic with 40 local branches, is excited to announce that it has recently opened two new foreign exchange offices, in the shopping mall 'Central Most', which is on Radniční street in the centre of Most, and in the main shopping area next to the hypermarket Albert on Na Radouči street in Kosmonosy, near Mladá Boleslav.

In addition to its usual foreign currency exchange services, Interchange's new exchange offices will provide Western Union money transfer services, and also the popular VIP room that is used at its Prague branches and is convenient for customers wishing to exchange or transfer large amounts of cash.

These two new openings strengthen Interchange's market position in the north of the country, where it already has well-established branch offices in Liberec and Dečín.

Talking about the new exchange offices, Marek Nácovský, the Managing Director of Interchange in the Czech Republic said:

'We are pleased that we are able to expand our network of foreign exchange offices to other Czech towns and are happy that we managed to find suitable and well-located shopping areas in order to ensure customer convenience – one of our main considerations.'
